

St. Edward on-the-Lake Catholic School
Parent Involvement Program (PIP):

Thank you for your commitment to Catholic education for your child! When schools and families work together to support education, student achievement thrives. At St. Edward School, our goal is to provide a learning environment in which students are able to maximize their academic and spiritual potential. It is possible for a school to achieve this level of greatness only with an active partnership involving all parents.

Catholic teaching reminds us that parents are the primary educators of the child. In order to integrate this philosophy and to better serve our overall school mission, we utilize our (PIP) Parental Involvement Program as outlined in the Parent/Student Handbook each year to deepen and extend our school-parent partnership.

We value each parent's varied gifts and talents as they contribute to the whole school community, benefitting our students. It is our intention to provide multiple areas for partnership in which those gifts and talents can be realized. Outlined on the next few pages, you will find many opportunities to support our school and our children. Please reflect on your gifts, talents, and interests then choose the areas you are able to devote time to this school year. Instructions are noted at the top of the following PIP Sign-Up page.

Our Administration, with full support from our School Committee, believes this program will support the students and school community, enhance the quality of Catholic education, and partner our parents and school personnel to work together to achieve excellence. When all families invest time, we help create an environment that supports love and charity, and move closer to becoming a school of greatness. We look forward to building this partnership!

With loving commitment to Christ and St. Edward on-the-Lake Elementary School,

Nancy Appel & Your 2018-2019 School Committee
